Five years across finance, IT, and product, spanning deals to systems; CBAP-certified, Honours BCom (UBC) in Finance & MIS

PROFESSIONAL EXPERIENCE

Knightsbridge Capital Group – Portfolio & AI Systems Manager

Vancouver, BC | Mar 2026 – present

- Operating in a **dual-role** spanning Portfolio Management and AI/Systems Development – managing Maynbridge Capital's **\$250MM+** book of private credit mandates, specialty lending, and debt purchases, conducting credit analysis, due diligence, financial modeling, and term sheets, while leading the design and deployment of AI and automation tooling across the Knightsbridge group of companies
- Managing an **active portfolio** of investments across construction financing, CCAA/distressed debt, equipment bridge loans; overseeing borrower relationships, covenant monitoring, financial reporting, and supporting deal screening and credit memo development
- Architecting **internal AI and automation tooling** spanning private credit, F&B, and professional sports; includes an investment portfolio portal, AI-powered deal screening, a 25-location café chain AI analytics platform, a knowledge-base chatbot, an AI labour allocation tool, and an equipment maintenance priority board – built with **Lovable, React, Claude API, Gemini API, Zapier, Netlify, Supabase, Google Cloud**

Mark Anthony Group – Senior Business Analyst, Financial Solutions – Business Analyst, Financial Solutions

Vancouver, BC | Jan 2026 – Mar 2026
| Apr 2023 – Dec 2025

- Owned requirements elicitation, technical specs, and **Agile** backlog/roadmap prioritization for financial process enhancements (**Jira, ServiceNow**); drove 200+ feature deliveries, generating **\$6.5M** annual savings via S2P, FX controls, supply chain improvements
- Supported a successful \$4B+/yr ERP upgrade start-to-finish (2.5yrs) as key BA to the program lead: elicited requirements (**Confluence**), architecture design (**Visio, Lucid, AWS**), deployed 5 RPA processes, led QA (**Zephyr**), built the CFO-approved **\$32M+** CapEx business case
- Integrated financial **AI/SaaS** platforms (**AppZen, Trullion**) for OCR-based invoice processing and auditing; oversaw custom CapEx, OpEx, and financial management systems; aligned FP&A, Supply Chain, Cyber, People Ops, IT, Legal as direct go-to for Director/VP initiatives
- Appointed lead BA for a US manufacturing Coupa implementation (**S2C, S2P**); conducted **SQL** analysis and built **Power BI** dashboards; earned **back-to-back "above target"** annual reviews and **2025 Outstanding Cross-Functional Collaboration Award**, presented by CEO

BMO Bank of Montreal – Business Intelligence Analyst Intern

Toronto, ON | May 2022 – Sept 2022

- Digital Banking team - developed customer-scoring and financial sensitivity models of **7M+ customers** (descriptive and predictive analysis) in **Excel and Power BI**, reported digital KPIs, proposed **20+** enhancements to Product Managers, and contributed to **Agile** implementation
- Captained team to **2nd place from 200+ interns** in the BMO Innovation Challenge by conceiving, wireframing, and *personally* pitching a child-centered banking and financial literacy platform to the **CEO of BMO**, CEO of United Way GTA, and Head of Personal Banking Products

Fiera Capital – Investment Analyst Co-op

Toronto, ON | June 2021 – Sept 2021

- Conducted investment analysis (IRR, Cap Rates, NPV – **advanced Excel**) of acquisitions for commercial and industrial funds (\$8B+ AUM), prepared performance reports, and managed investor relations (**Salesforce, PitchBook**) for institutional investors in the Real Estate asset class
- Developed five **Power BI** dashboards (risk exposure, economic indicators, portfolio, financial returns, investor relations) by integrating capital market, benchmark, and proprietary data; **projects adopted by Fund Managers** to quantify and inform acquisition opportunities

Criterion Group – Consulting Associate Co-op

Calgary, AB | Sept 2020 – Dec 2020

- Supported City of Edmonton's EAM system selection and restructuring by defining requirements, conducting financial analysis, and designing Visio process flows and client decks; submitted three RFPs for analogous projects, led four interns in delivering a pro-bono donor transformation strategy for United Way of Calgary through **40** stakeholder assessments and a change management roadmap

AVA Technologies – Financial Analyst Co-op

Vancouver, BC | June 2020 – Sept 2020

- Secured company's **first \$500K+ international deal** and regulatory approval (agritech sector); developed comprehensive Excel financial models (AR/AP, R&D, and CEO fundraising) and spearheaded Series A investor outreach, VC pitch decks, and wireframed crowdfunding campaign

InterVISTAS Consulting – Quantitative Strategy Intern

Vancouver, BC | June 2019 – Dec 2019

- Conducted econometric analysis (**Excel, R**) on large internal and external datasets to develop strategies and reports for global transportation and logistics clients (e.g., YVR, Prince Rupert Port Authority), used **Tableau** to accelerate and secure project proposal turnaround by **85%**
